BAPTISTS GET 🋎 RID OF FOSTER

Chicago Professor Is Fired From Conference.

STORMY SCENE ENACTED

Hisses, Yells and General Confusion Mark Meeting, Which is Described by One Preacher as Resembling Political Meeting In Rowdy Ward. Rev. Myers Triumphs In Second Attempt to Oust Man Who Denied Divinity of Christ.

Chicago, June 22. - Professor George Burnham Foster of the University of Chicago, whose denial of the divinity of Christ in a recent book has stirred Chicago Baptists to a high pitch of resentment, was dropped from the Baptist ministers' conference of Chicago.

Hisses, yells and general confusion nade the meeting one of the stormlest ever held by churchmen in Chicago, and it was referred to by one preacher as resembling a political meeting in a rowdy ward.

Speakers who had been howled or hissed down sat with flushed, indignant faces, while the chairman pounded for order. The young son of Professor Foster was present. "It's a shame and unfair," he shouted, as he left the hell.

The insistence of Rev. Dr. A. C. Dixon of the Moody church that Prolessor Foster be dropped brought the aght around to himself, the real object of the meeting being disregarded for a time.

Rev. Dr. D. D. McLaurin started trouble by asking for a committee to investigate Dr. Dixon's right to membership in the conference. This motion was hissed down, and Dr. Dixon explained that he joined the Baptist church in New York.

Dr. M. P. Boynton came in for a hissing when he said: "We are not going at this matter right. Foster is as good as Myers or any one here

His voice was drowned. The Myers he referred to is the Rev. Dr. John ston Myers, one of the chief assail ants of Professor Foster.

Then some of the ministers tried

to check the hissing. Dr. Myers shouted above the din: "It is no worse to hiss than to have those present denounced, as Dr. Boynton is doing. The hienes should not be stopped unless Dr. Boynton stopped." Dr. Myers attempted to introduce resolution to drop Professor Foster. whereat Dr. Myers' veracity was assailed by Rev. Dr. A. H. Harnley. This matter was decided for good and all last week," Dr. Harnley shouted. "Dr. Myers promised on his bonor that if he didn't get his resolution through then he would not again bring it up. Now he is doing exactly contrary to his promise." leny the statement."

During the excitement motions, counter-motions and a general parliamentary mixup prevailed. After four hours, however, worn out by exertions and emotions, the preachers adopted the resolution dropping Professor Foster from the conference.

Attorney Shearn, Mrs. Gould's Counsel, Somewhat Jolted at Unexpected Turn of Affairs, but Quickly Recovers and Begins Introduction of Testimony in Rebuttal to Show That Client is Perfect Lady and Not Victim of Drink Habit.

New York, June 22, - Sensationloving spectators who have attended daily the sessions of Katherine Clemmons Gould's suit for separation from her husband, Howard Gould, were sadly disappointed at the resumption of the hearing when it was announced that the defense had rested and that Howard Gould would not take the stand. It had been expected GIRL WORSTS that his direct testimony and his cross-examination would take two days. Gould himself seemed relieved and Mrs. Gould approved.

Delancy Nichol, counsel for Mr. Gould, said: "We have decided that the testimony we have offered is so complete that there is no necessity for going further."

When Clarence J. Shearn, counsel for Mrs. Gould, recovered from his astonishment, he led off the rebuttal with testimony designed to show, he explained, "the falsity of the charge that Mrs. Gould was continually and habitually intoxicated from 1902 to the present date." "Do you regard such evidence as necessary?" asked the court. Necessary or not, counsel for the plaintiff thereupon produced a stream of below stairs witnesses, whose testimony was followed by the reading of depositions of guests and friends, who swore that Mrs. Gould never, to their knowledge, drank to excess, and that she was always affable, reserved and modest in her language-testimony directly opposed to previously.

GO BY THE DIET BOOK

It Explains the Tonic Treatment for Stomach Trouble That Is Making Such Remarkable Cures.

The processes of digestion are con-trolled by the blood and nerves. That is why the tonic treatment with Dr. Williams' Pink Pills by which the blood is built up, has cured so many cases of stubborn stomach trouble.

Many people are suffering daily from stomach trouble because they cling to old-fashioned methods, eat predigested foods and in other ways aggravate the disorder they seek to cure. But prejudice must give way before proof such as the cure of Mr. John T. Timmons, a well-known newspaper writer, of Cadiz, Ohio, offers. He says:

"For ten or more years I suffered severely with dyspepsia and a weak stomach, and in a sense was a burden to myself and others. I was thin and pale, had no ambition, suffered with cramps had no ambition, suffered with cramps in my stomach, headaches, was constiputed and finally my kidneys became affected. My tongue was coated and I had a bad taste in my mouth. I had severe attacks of vomiting, with dreadful pains in my stomach and bowels from which I could get no relief unless I starved myself. Following these attacks I had to eat very light food. My heart was weak and, in going up stairs or exercising, it

along in this manner until I became desperate. I tried many remedies, that were guaranteed to cure, but without gaining any benefit.

"As a last resort I decided to try Dr. Williams' Pink Pills. I saw a change for the better in a very short time, and continued to take the pills, making wonderful improvement, until I was completely cured. I now weigh over 200 pounds while during the many years I suffered I only weighed about 126. I have no stomach or kidney trouble, do not suffer from constipation and am the picture of health. I consider I owe my present ground before its pilot intended that

DISCUSS HIDE SCHEDULE

Senate Proposes to Restore the Dingley Tariff Rates.

Wasnington, June 22.- The amendment of the senate committee on finance taking hides from the free list and restoring the Dingley law rate of 15 per cent ad valorem was before the senate, and it probably will not be disposed of before late m.; 4:27 p. m. today, if then.

Senator Warren of Wyoming and Senator Carter of Montana supported the provision and in vigorous language attacked the attitude of the free hide advocates, while Senator Page of Vermont defended the action of the house in placing hides on the free list. Mr. Warren declared that charge that the Dingley provision had only. been inserted as the result of a midnight conference, and he declared that free raw material would be the death knell of the protective policy if it should be adopted, while Mr. Carter asserted that if the farmers were to be compelled to sell their products in the open market they would demand the right to buy manufactured articles in the same kind of a market.

In support of free hides, Mr. Page contended that the adoption of such a policy would not injure the farm p. m. daily except Sunday. ers, while at the same time it would be of vast benefit to the leather man uracturers. He said the beef trust garnered all the profits on hides, from whatever source.
